## WE HELP YOU BUILD SAFER, STRONGER, WORKFORCES

## ACCESS TO PROVEN RESOURCES

### OCCUPATIONAL HEALTH

Our dedicated team of professionals will assist your management team in meeting the goal of ensuring workers are safe. We tailor occupational testing to suit each dynamic site. We diligently review medicals for an accurate baseline. We ensure a flawless process.

### INCREASED SAFETY

Incorporating Drug & Alcohol programs, fit-for-duty testing, and Occupational Health testing ensures your staff is Fit for Duty and starts on the best foot forward. A safe workplace leads to a productive workplace.

### STAFFING SOLUTIONS

Finding the right worker with appropriate qualifications and experience takes time. Let our team assist in filling the gaps for nursing, Physician oversight, return to work coordination, PDA/Ergonomic evaluation, and Substance Abuse Service coordination. NorthStream has key staff in place to assist you every step of the way, whether your service requires us to fill in on-site, remotely, or consulting.
